Due to the range in which our Buses travel to transport students to your school, I am implementing a District policy for our buses in inclement weather. It is unsafe to send our buses into a school district that is closed due to impassable roads.

Therefore Palmeri buses will follow the following districts:

NJ Bus - Phillipsburg School District  
St. Phillips & Janes School  
Warren Hills Regional School

If any one of these schools are delayed, our bus will be delayed. If any one of these schools are closed, our bus will not be transporting students to your school that day.

Allentown Bus - Allentown School District

If the Allentown School District is delayed, our bus will be delayed. If the Allentown School District is closed, our bus will not be transporting students to your school that day.

Southern Bus - Palisades School District  
Quakertown School District

If any one of these school districts delay, our bus will be delayed, If any one of these districts are closed, our bus will not be transporting students to your school that day.

Pocono Bus - Stroudsburg School District  
Pleasant Valley School District

If any one of these school districts delay, our bus will be delayed, If any one of these districts close, our bus will not be transporting students to your school that day.

Thank you for your cooperation in this matter. We are trying to keep everyone safe.

Please forward this email to all the students/parents that ride these buses. This policy will start on Monday 2/7/2022.

If anyone has any questions or concerns, please feel free to email or call me.

Thank You,

--  
Kimberly Mulea  
Transportation Manager
